

AFTER RECEIVING YOUR FEEDBACK...

"Pre season over one weekend"

"Pre-season 1 day comp like Lightning cup or Burnie Skins"

"Would love something over a weekend involving all clubs but not sure that it is possible"

"Having multiple breaks and midweek games disrupted the season. Play it over a weekend in Hobart for preseason."

"The competition was disruptive to the regular season and left teams with too bigger breaks without games."

"to ensure that you get all teams across the state taking this type of competition seriously you could run something similar to the old lightening cup at the beginning of the season - as this was completed in one weekend and was enjoyed by all."

"A round robin tournament on the March long weekend with shortened game time would be more appropriate."
